• DC 5V Charging Port.

❸
• 3.5 mm Aux Input.

Positioning the Speakers

It is important that you consider carefully in advance where your Bluetooth Speakers will be situated and make sure that they are:

• On a flat and stable surface.

• At least 1 meter away from other electrical appliances to avoid interference.

• Where they will be in range of the connected or 'paired' Bluetooth device (e.g. iPhone/Android phone/computer), which is about 150 feet or less in line of sight.

Solid blue	Native speaker (TWS mode). Bluetooth paired (single speaker mode).

Now that you have paired your device with the Bluetooth speakers, it will automatically connect to them when it is within range of 150 feet or less, line of sight.

Note: You can press and hold the ▷ button to unpair your current device and search for new devices.

Hands-Free Calling

To answer/end a call; Press the ▷ button on the host speaker (Bluetooth mode).
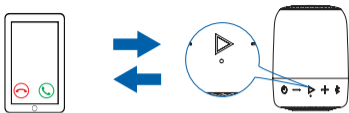

X1 Answer / End call.

To reject a call : Press and hold the ▷ on the host speaker for 2 seconds (Bluetooth mode).

2" Reject call.

AUX In Mode

In TWS mode, insert the supplied AUX audio cable into the host speaker with the blue LED indicator flashing, and the two speakers will automatically switch to AUX IN mode, with the LED indicator of the main unit changes into solid green. The same operation will also apply to either one speaker working individually.

Green light on
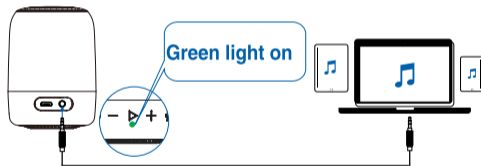

● Solid green   AUX IN mode.

To gain optimal volume levels, adjust the volume level on both the secondary device and on the speaker.

**Note**: After you have finished listening to your external device you must unplug the audio cable from the Aux in socket, to be able to use them as Bluetooth speakers again.

Charging

When the battery power is extremely low, you will hear three audible alerts every 60 seconds before the speakers are forced to power off automatically. You should plug in and recharge your Bluetooth speakers straight away.

Red light on
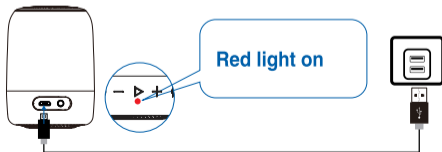

● Solid red	Charging.
Off	Fully charged.

Note:
• It will take approximately 4 hours to fully charge your Bluetooth Speakers. When fully charged, unplug the micro USB charging cables.
• When the battery power is low but before audible alerts, the maximum volume level may be set at 80%.

• Never open the device casing under any circumstances.
• Do not place any objects, such as burning candles on the device.
• Do not cover the device with newspaper, tablecloths, curtains, etc.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However,   there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1) Reorient or relocate the receiving antenna.
2) Increase the separation between the equipment and receiver.

3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4) Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules.

12 Months Warranty

Thank you for choosing Megatek.

Megatek Electronics warrants your new product to be free from defects in materials and workmanship for a period of twelve (12) months, from the date of receiving. This warranty is in addition to your rights under Amazon's return and refund policies which apply to your purchase.

Megatek will provide you with a brand-new replacement (where possible) for this product if it becomes defective within the warranty period. Megatek will bear the reasonable expense of claiming the warranty. This warranty will no longer apply where the defect is a result of alteration, accident, misuse, abuse, or neglect.
